

# Commitment to Sustainable Development

Distinguished partners and stakeholders:

Guangzhou Battsys Co., Ltd. understands the importance of sustainable development for the enterprise, society, environment and economy, therefore, we have formulated a commitment to sustainable development to ensure that we actively fulfil our corporate social responsibility and achieve the goal of sustainable development in the future development. We make the following commitments:

## **1. Environmental Commitment:**

We are committed to actively protecting the environment, joining the International Carbon Disclosure (CDP) and the International Scientific Carbon Reduction (SBT) to promote the reduction of carbon emission resource consumption, promote the use of clean energy and recycled materials, and reduce waste emissions. We have developed and implemented an environmental management system that regularly monitors and evaluates environmental performance and promotes compliance with relevant laws, regulations and industry standards.

## **2. Social Responsibility Commitment:**

We are determined to safeguard the rights and welfare of our employees, provide a safe and healthy working environment, and promote employee development and training. We support and participate in community development projects, pay attention to social issues, and actively contribute to society. We will promote and respect human rights, comply with labour laws and regulations, and oppose unfair treatment.

## **3. Commitment to Economic Sustainability**

We manage our business with integrity and transparency, comply with business ethics and business codes, and combat corruption and illegal behaviour. We will focus on improving our corporate governance structure and business performance, enhancing customer satisfaction, and achieving sustainable profitability and growth.

## **4. Commitment to Stakeholder Co-operation**

We actively engage with our stakeholders, including employees, suppliers, customers, government and non-government organisations. We establish and maintain good co-operative relationships, work together to promote sustainable practices, share information and best practices, and respond reasonably to the concerns and expectations of our stakeholders.

## **5. Commitment to Continuous Improvement**

We regularly assess and monitor the achievement of our sustainable development goals, and correct and improve deficiencies in a timely manner. We continuously pay attention to changes in the industry and society, and flexibly adjust and upgrade our sustainable development strategies and measures. We will actively participate in and support sustainable development initiatives and actions.

Guangzhou FULLRIVER Battery New Technology Co., Ltd. solemnly promises to make sustainable development the core value and goal of our business, and is committed to promoting the sustainable development of society, environment and economy. We will do our utmost to fulfil this commitment and continuously strive to achieve higher standards of sustainability.

We sincerely thank our partners and stakeholders for their support and supervision, and we look forward to working with you to promote sustainable development.
